

Retrieve the Tadpoles.

A froggen remake.

Outline:

All the tadpoles have been dispersed, recover them avoiding death or no frog will exist anymore.

Single player game for phones, available on Android and Ios.

The main character is a frog that goes through different levels.

The game has a top view with 3d elements.

Basic informations:

Single player with a global ranking.

The game is an action, survival and casual game for mobile devices.

The game has 34 levels which may increase in the future.

Use your mind and think twice about what you do, if you die you restart the level.

Features, concept of the game:

- Escape death by avoiding obstacles and enemies that try to capture you.
- The main enemies are the obstacles to avoid or the puzzles to solve, with “Animal Control” also trying to catch you.
- Complete levels to get coins, with those you can buy power-ups and new skins.

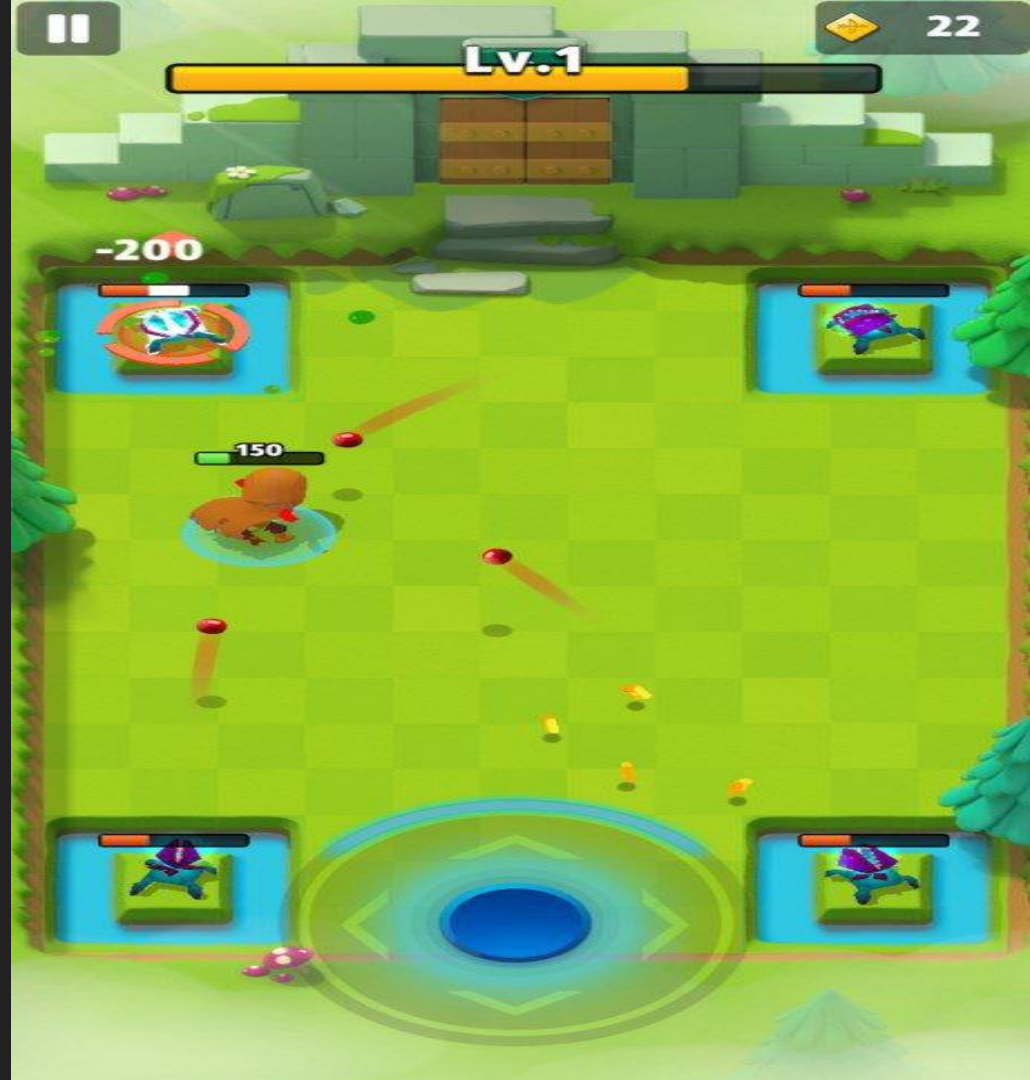

Game System:

Single tap on the screen: Jump.
Tapping and pressing the screen will bring up a round wheel that will reproduce the movement you make with your finger.

The player can move freely back and ahead, horizontally and vertically.

Use your tongue to press buttons and activate mechanisms.
